OBJECTIVE

B.E. Artificial Intelligence student at Chitkara University with a 9.91 CGPA and a strong foundation in Data Structures & Algorithms, Operating Systems, Python, C++, Java, and Web Development. Comfortable working in Linux/Unix environments with Git version control, and experienced in developing AI/ML and full-stack applications, with a focus on building efficient, scalable, and practical software solutions.

PROJECTS

CROWD SHIELD – AI-BASED CROWD MONITORING ALERT SYSTEM

Developed an AI-powered real-time crowd monitoring system using YOLOv8 for crowd density estimation and MediaPipe for detecting suspicious gestures and harassment patterns. Built, tested, and version-controlled (Git) in a Linux environment. Implemented automated alert mechanisms using Twilio to notify authorities instantly in high-risk scenarios.

Tech Stack: Python, OpenCV, YOLOv8, MediaPipe, Machine Learning, Twilio API, Linux, Git

BYTES AND BREWS (CAFÉ MANAGEMENT SYSTEM)

Developed a web-based Café Management System using Django and Flask with Twilio API integration for automated notifications, developed and version-controlled with Git on a Linux/Unix setup, featuring customer and admin interfaces for order handling and menu management.

Tech Stack: Python, Flask, Django, REST API, SQL, Git, Linux

FLIGHT DELAY RECOVERY PREDICTION SYSTEM

End-to-end ML pipeline (Python, scikit-learn, XGBoost, Flask) that preprocesses and engineers features from 3M+ U.S. flight records to predict in-flight delay recovery; managed codebase with Git.

Tech Stack: Python, pandas, NumPy, scikit-learn, XGBoost, Flask, Git

EDUCATION

Bachelor of Engineering (B.E.) in Artificial Intelligence, Chitkara University — Expected 2028

CGPA (4th SEM): 9.91

Higher Secondary (Class XII), B.R. International Public School [CBSE] — Completed 2024 — 87.4%

Secondary (Class X), B.R. International Public School [CBSE] — Completed 2022 — 96.4%

SKILLS

Programming & Core CS: C, C++, Python, Java, JavaScript, Data Structures & Algorithms, Machine Learning, Data Analytics, MERN Stack

Soft Skills: English, Hindi, Punjabi

EXPERIENCE

Content Executive — 2025–Present

CN-CUIET Student Chapter, Chitkara University, Rajpura, Punjab

- Create and publish technical and promotional content for the chapter's AI/tech-focused events, workshops, and social media channels.
- Coordinate with student teams to plan event communications and maintain consistent messaging across platforms.

ACHIEVEMENTS

- Top 10 Finalist — HackNexus Inter-University Hackathon, competing among university teams to develop and present an innovative solution.
- 200+ LeetCode Problems Solved, strengthening expertise in DSA, problem-solving, and algorithmic thinking.

Microsoft Certified: Azure AI Fundamentals (AI-900), Power BI Data Analyst Associate (PL-300), Azure Data Fundamentals (DP-900).
